Subject: PAS build for Friday June 27 2008

PAS Build

This is to inform you that on the evening of Friday June 27th, a PAS build will be conducted beginning at 9 pm EST through 1 am EST Saturday June 28th. We anticipate that there will be no downtime or interruption to PAS during this activity.

The major focus of this build will be to add the functionality of the NAS/PAS interface required by the FCC contract. PAS users should not notice any changes in the PAS system related to the interface, as the changes are mainly internal processing changes.

If you have any questions, please contact Number Pooling Customer Support at 1-866-NEUPOOL or poolingsupport@neustar.biz.
