### PAS Build

This is to inform you that on the evening of Friday July 25th, a PAS build will be conducted beginning at 9 pm EST through 1 am EST Saturday July 26th. We anticipate that there will be no downtime or interruption to PAS during this activity.

With this PAS build, the bi-monthly pool replenishment reminder emails will no longer be sent to the Service Providers and Service Provider Consultant users since those users may view in real time the pool replenishment status of a pool when submitting requests for resources and on the Pool Tracking Report located in the Reports section of the [www.nationalpooling.com](http://www.nationalpooling.com) website.

If you have any questions, please contact Number Pooling Customer Support at 1-866-NEUPOOL or [poolingsupport@neustar.biz](mailto:poolingsupport@neustar.biz).
