

PAS Build

This is to inform you that on the evening of Friday September 26th, a PAS build will be conducted beginning at 9 pm EST through 1 am EST Saturday September 27th. We anticipate that there will be no downtime or interruption to PAS during this activity.

With this PAS build, Change Order 2 (INC Issue 578) will be implemented. The updates due to Change Order 2 will include:

- For any new block reservations assigned after 9/26:
 - The block reservation period has been modified from six (6) months to three (3) months.
 - Service providers may also request a one-time 3-month extension, if the state has not responded to the waiver request, prior to the block reservation expiration date. (*Please refer to the PAS SP/SPC User Guide, Section 5.3.5 – Submit a Request to Assign/Cancel/Extend Block Reservation for additional information.*)
- PAS will now send a Block Reservation Expiration Notice seven (7) calendar days prior to the block reservation expiration date reminding service providers that if no action is taken, the block will be placed back in the pool one (1) calendar day after the block reservation expiration date.

If you have any questions, please contact Number Pooling Customer Support at 1-866-NEUPOOL or poolingsupport@neustar.biz.
