

PAS Build

This is to inform you that on the evening of Friday November 14th, a PAS build will be conducted beginning at 9 pm EST through 1 am EST Saturday November 15th. We anticipate that there will be no downtime or interruption to PAS during this activity.

With this PAS build, Change Order 4 will be implemented. The updates due to Change Order 4 will include:

- Shortened processing time for NANPA which affects our default effective dates for codes. The default dates will be changed from 72 days to 66 days.
- Addition of a checkbox on the Part 1/1A for earliest effective date. If the carrier wants the earliest effective date on any request they should leave the default effective date and place a checkmark in the checkbox for earliest effective date.

If you have any questions, please contact Number Pooling Customer Support at 1-866-NEUPOOL or poolingsupport@neustar.biz.
